

Satellite Symposium on Thalassemia **8th EuroCMR Meeting - Florence 2010**

Thursday; May 27th, 2010

15.00-19.00 Satellite Symposium on Thalassemia (Parallel Session)

- | | |
|-------------|--|
| 15:00-15:05 | Introduction to the Symposium |
| 15:05-15:20 | What to know about Thalassemic Syndromes to do CMR |
| 15:20-15:35 | The Heart in Thalassemia major and in Thalassemia Intermedia: What to know from the Cardiologist to do CMR |
| 15:35-15:50 | New Chelation Options in Thalassaemia and Parameters to evaluate their Efficacy |
| 15:50-16:05 | MR Sequences in Thalassemia |
| 16:05-16:20 | Image Analysis in Thalassemia |
| 16:20-16:40 | Discussion |

16:40-17:10 Coffee Break

- | | |
|-------------|---|
| 17:10-17:25 | T2* Sequence from a Research Tool to the Clinical Arena |
| 17:25-17:40 | MIOT Study: The Italian MRI Network for Thalassemia |
| 17:40-17:55 | Iron overload by MRI: Not only Heart |
| 17:55-18:40 | CMR in Thalassemia: From National Experiences to a European Consensus Document? |
| 17:55-18:10 | The Point of View of the Thalassemologist |
| 18:10-18:25 | The Point of View of the Cardiology |
| 18:25-18:40 | The Point of View of the Cardiology in the CMR Lab |
| 18:40-19:00 | Discussion |
